MEMORANDUM DECISION AND

OUT OF TIME AND DENYING

MOTION FOR EARLY TERMINATION

Case No. 2:10-CR-821 TS

District Judge Ted Stewart

---

This matter is before the Court on the government’s Motion for Leave to File Brief Out of Time and Defendant’s Motion for Early Termination of Supervised Release. For the reasons discussed below, the Court will grant the government’s Motion and deny Defendant’s Motion without prejudice.

I. BACKGROUND

Defendant was named in an Indictment on September 8, 2010, charging him with conspiracy to distribute a mixture or substance containing a detectable amount of 3,4-methylenedioxymethamphetamine (“MDMA”) and a mixture or substance containing a detectable amount of N-benzylpiperazine (“BZP”), and possession with intent to distribute a mixture or substance containing a detectable amount of MDMA. Defendant pleaded guilty to possession with intent to distribute MDMA on October 28, 2011. On January 17, 2012, Defendant was sentenced to a term of imprisonment of twenty-one months, to be followed by a thirty-six month period of supervised release.

Defendant began his term of supervision on December 28, 2012. Defendant now requests termination of the remaining term of his supervised release. Defendant's Motion represents that he has maintained gainful employment, fulfilled all of his financial obligations to the Court, reported to his supervising officer as directed, and submitted negative drug tests. Consultation with Defendant's supervising officer confirms these representations.

The government opposes Defendant's Motion, noting that Defendant had difficulty while on pretrial release and has only completed just over one year of his term of supervision.

## II. DISCUSSION

Defendant's Motion for Early Termination of Supervised Release was filed on February 21, 2014. The government did not timely respond, but did file a response out of time on March 25, 2014. Initially, Defendant objected to the government's late filing. However, the government filed its Motion for Leave to File Brief Out of Time, explaining the reasons the response was filed late, and Defendant has now withdrawn his objection. Therefore, the Court will accept the government's late filed opposition and will consider the government's arguments in determining Defendant's Motion.

18 U.S.C. § 3583(e) permits the Court to terminate supervised release at any time after a defendant has completed at least one year of supervised release, but prior to completion of the entire term, if the Court is satisfied that such action is (1) warranted by the conduct of an offender and (2) is in the interest of justice. In making this determination, the Court is directed to consider the factors set forth in 18 U.S.C. § 3553(a), to the extent they are applicable.

The Court notes that Defendant has done extremely well while on supervision. Defendant has maintained employment, paid all of his financial obligations, reported to his

supervising officer as directed, and submitted negative drug tests. While the Court commends Defendant on his success, the Court finds the government's argument concerning the duration of Defendant's supervision release to be well taken. Defendant was ordered to be on supervision for three years. Defendant has now been on supervision for just over one year. The Court is encouraged with Defendant's success to this point, but believes that further supervision will be of assistance. Therefore, the Court will deny Defendant's Motion at this time but will do so without prejudice. If Defendant continues to be successful on supervision, the Court will look favorably on a motion filed in 180 days.

### III. CONCLUSION

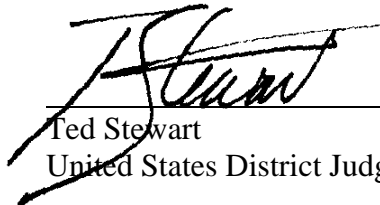

It is therefore

ORDERED that the government's Motion for Leave to File Brief Out of Time (Docket No. 379) is GRANTED. It is further

ORDERED that Defendant's Motion for Early Termination of Supervised Release (Docket No. 376) is DENIED. Defendant may re-file his Motion 180 days from the date of this Order.

DATED this 2nd day of April, 2014.
